29th April 2017

13.30 Pm

I am deeply saddened by the untimely and unfortunate demise of Sh. Rattan Singh Ji, who had been with the DDCA for many years. I have been informed that he died of a heart attack. I express my condolences to his family and request all concerned especially the employees to stand united and lend our support to his family. Yesterday my representative met the employees including Mr. Sunil Sharma and assured them that I would again look into the matter once the police completes their investigation and gives a report. It would be premature for the undersigned to take any action before the report by the Police Authorities is submitted. Accordingly, the employee's including Mr. Sharma had stated that they would wait for the Police to complete their investigation. Thereafter most of the employees had also received their IPL passes after the meeting.

However today, I have been intimated that Mr. Sunil from DDCA has invited the media and is seeking to create a controversy regarding the untimely demise of Mr. Rattan Singh, for reasons best known to him. I am disturbed to learn that he has threatened to disrupt the forthcoming IPL games. Mr. Sunil is requested to act in an appropriate manner and work in in the interest of the DDCA. I appreciate the commendable efforts by the DDCA employees in making the IPL games a success. Kindly provide a copy of this notice to Mr. Sunil in person.
